EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chris Mizumoto on October 21, 2004.

The application has been amended as follows:

In claim 2: On line 20, "a" before "third end" has been changed to --said--.

Response to Arguments

Applicant's arguments, see lines 9-16 on page 9 and lines 1-5 on page 10, filed 8/18/04, with respect to Olson have been fully considered and are persuasive. The rejection of claims 2-8 and 10-12 has been withdrawn.

The following is an examiner's statement of reasons for allowance: Regarding claim 2, although the prior art of record discloses many of the limitations of the claims, it fails to further teach or suggest the second end of the stopper supporting member having substantially the same outer dimension as the third end of the second stopper supporting member and further wherein the first and second stopper supporting members have a tapered shape with a diameter gradually increasing from the second and fourth ends, respectively, to the first and third ends, respectively. Regarding claim 8, although the prior art of record discloses many of the limitations of the claims, it fails

to further teach or suggest the second end of the stopper supporting member having substantially the same diameter as the third end of the second stopper supporting member and further wherein the first and second stopper supporting members have a tapered shape with a diameter gradually increasing from the second and fourth ends, respectively, to the first and third ends, respectively. Regarding claim 11, although the prior art of record discloses many of the limitations of the claims, it fails to further teach or suggest the first and second facing ends of the first and second stopper supporting members having substantially the same outer dimensions and further wherein the first and second stopper supporting members together form a continuously tapered shape.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
